

## Science

In Science we will be looking at plants, investigating their life cycles; parts of a plant; seed dispersal and how water is transported in plants. Pupils will also be dissecting a flower to explore its parts.

## ICT

Our focus will be online safety, learning about 'fake news', privacy settings, protecting our personal information and how to deal with upsetting online content.

## PSHE

Our Scarf unit will be "Rights and Responsibilities" focusing on people who support us and how we can play our part in caring for our world and environment.

## English

Our focus story will be "Jack and the Beanstalk" and we will write our own stories and diary entry. We will enhance our writing by using prepositions and clauses and will learn how to use direct speech in our writing. We will continue to revise and practise various spelling patterns and begin to complete spelling dictation challenges.

## RE

We will be completing the unit "How do festivals and family life show what matters to Jewish people?"

Our Christian Value:  
Justice

# Field to

# Fork

## Geography

We will be learning where different foods come from and considering the carbon footprint of the foods we eat. We will be introduced to the concept of fair trade and will complete field work in the local area to identify food sources and find out how the school supports local suppliers.

## MFL

Our unit in French this half term will be "Les Saisons" (The seasons)

## Maths

This term we will be using formal methods to multiply and divide. We also continue to consolidate our arithmetic and times tables knowledge.

## PE

We will be having weekly swimming sessions and will be developing our badminton skills learning to serve and volley.

## Music

Our music unit this term is called Voice. We will be developing our understanding of a good vocal performance and how to pitch match when singing. We will also be learning a number of songs in preparation for a forthcoming event.

## Art

We will be using our sketchbooks purposefully to evaluate art by Ruth Daniels and William Morris and will use their work as inspiration to create repeating patterns.

## Special events:

Year 3 Vocal ease – Date TBC  
Weekly swimming lessons – Wednesday morning
