

History

This term in History we will be looking at the Romans. We will learn when and where the Roman Empire was as well as looking at the impact the Romans have had on Britain. At the end of this topic, we will be able to answer - Which was the more successful invasion: the Romans or the Normans?

RE

This term, in R.E we will be using of knowledge of different faiths to consider answers to the statement; How and why people try to make the world a better place?

Maths

We will begin this term by completing our learning about fractions moving onto the maths strand of Shape. We will also be looking at Time, including using Roman numerals. We will continue to develop our knowledge of multiplication tables.

PE

In PE we will complete our Badminton unit and will then be focusing on our athletic skills by participating in a variety of disciplines, including throwing and jumping.

Music

We will be learning a variety of songs in preparation for our Vocal Ease performance. We will be learning how to sing in unison and two-part harmonies.

Special Dates and Events:

Tuesday 21st May at 9.10am – Family Assembly

Thursday 23rd May – Vocal Ease
Details to follow

Root Values: Justice and Tolerance

Art/DT

We will be exploring abstract shape and space. We will transform 2D card shapes into 3D structures and sculptures. The children will gain an understanding of the difference between 2D and 3D art.

PSHE

Using the SCARF program of study, we will be thinking about how we can Be Our Best.

English

Our focus story will be “The Legend of Romulus and Remus”. We will retell this story which will include using inverted commas. We will then learn the story of Boudicca and use this to write and perform play scripts. In addition to this we will rehearse spelling patterns based on Spelling Shed. Our class read will be “The One and Only Ivan” by Katherine Applegate.

THE ROMANS

MFL

Our French learning will focus on the seasons and rehearsing previous taught phrases and words from the French language.

Science

Our topic will be Animals: Including Humans. We will look at different types of skeletons and the muscle system that helps us to move.
